Basel, 15 August 2023 — kineo finance AG («kineo»), a specialist in novel asset financing for innovative growth companies with market-ready products and technologies, has announced its Group consolidated financial results for the period ended 30 June 2023.

The Group's interest from finance leases and similar income increased significantly to CHF 5.2 million (H1-2022: CHF 2.4 million) and thus was more than double the figure for the first six months of the previous year. This strong growth was a result of higher investments in new finance leases and loans based on a constant increase in demand for kineo's innovative financing solutions.

Net operating cash inflows (CHF 9.5 million) were more than 2.7 times higher than in H1-2022 (CHF 3.5 million) and were fully re-invested in leases and loans, in line with kineo's profitable growth strategy.

Lease receivables and loans which are accounted for at net present value increased by CHF 11.8 million, or 20.5%, to CHF 66.4 million, compared to CHF 55.1 million as of 31 December 2022. The lease receivables alone of CHF 55.8 million represent contractual future lease payments of CHF 71.6 million (31 December 2022: CHF 44.6 million and CHF 57.1 million, respectively).
